

Karl Simmer

PRODUCT DESIGNER, DESIGN SYSTEMS

Tallinn, Estonia | www.bizarrelabs.one | www.linkedin.com/in/karlsimmer | karlsimmer@gmail.com

I do product design and web development. On my journey, I've led the design process for user-centric products and design systems. Been designing for two #EstonianMafia startups.

SKILLS & TOOLKIT

- **Design:** Figma, v0, Maze, Photoshop, Illustrator, Rive
- **Engineering:** HTML, CSS/Tailwind, JavaScript/TypeScript, React/Next.js, WCAG
- **Process:** Design Systems (Governance, Handoff, Documentation), Agile, Git, Advocacy & Workshops
- **AI:** v0, Figma Make, GitHub Copilot, Midjourney
- **Certificates:** Evaluating User Experience (TLU), User Centered Interaction Design (TLU)

EXPERIENCE

Lead Product Designer – Yolo Group | Apr 2024 - Nov 2025

- Established and scaled design token infrastructure in Figma used across multiple products.
- Improved design to engineering efficiency through Figma to Code automation.
- Created a central component and template library adopted by multiple teams.
- Increased the design speed by building internal Figma plugins.
- Created clear and maintainable design system documentation.
- Built a React-based documentation site to support adoption and onboarding.
- Drove consistent usage of the design system through advocacy, workshops, and close collaboration.
- Owned Design Ops practices across the organization.

Lead Product Designer – Fudy | Jun 2023 - Mar 2024

- Led end-to-end product design of a QR-ordering platform used in venues.
- Laid the foundation for a scalable design system by building and maintaining a reusable component library.
- Enabled white-label scaling through theming and Figma variables.
- Improved consistency and usability by redesigning the customer-facing web app using components.
- Designed a kitchen-facing web application to restaurant staff workflows.

Product Designer & Web Developer – Self-employed | Jun 2022 - Jun 2023

- Designed complex UI/UX for three DeFi products: Nostra, WenWin, and Raft
- Built a WordPress site for Freya Foodbar using ACF to manage menus and content efficiently.
- Shaped brand and visual identity for Motiveer through AI-generated assets and landing page design.
- Designed the homepage and core interactions for the lending product of Fiizy.

Designer – Fiizy | Jul 2019 - Jun 2022

- Prototyped and iterated on a Buy Now, Pay Later product.
- Improved lending application flows using user data and conversion metrics.
- Designed region-specific landing pages for financial products.
- Designed and coded localized HTML email templates and marketing banners.

EDUCATION

- **Web design** – Estonian Academy of Arts | 2018 - 2019
- **Master of Science** – Tallinn University of Technology | 2016 - 2018
- **Bachelor of Science** – Tallinn University of Technology | 2013 - 2016
- **Media** – Tallinn Art Gymnasium | 2010 - 2011
